Basic Information

- Place of Origin: CHINA
- Brand Name: HB-DECOR
- Certification: MSDS,ISO,CE
- Model Number: WATERPROOF PVC WALL PANEL
- Minimum Order Quantity: 3000SQM
- Price: USD4-10/M2
- Packaging Details: CARTON
- Delivery Time: 10days after receive deposit
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 40CONTAINERS PER MONTH

Product Specification

- Material: PVC
- Size: 2900mmx1000mm
- Color: Marble,wooden,pure Colors, Etc.
- Thickness: 8-10mm
- Surface Treatment: Polished
- Application: Home, Hotel, Office, Hospital, School, Shopping Mall, Etc.
- Feature: Waterproof, Fireproof, Heat Insulation, Moisture-Proof, Mould-Proof, Smoke-Proof, Sound-Absorbing, Soundproof, Anti-Static, Antibacterial
- Function: Fireproof Board Ceiling, Normal Ceiling, Integrated Ceiling, Heat Insulation Ceiling, Moisture-Proof Ceiling, Mould-Proof Ceiling, Smoke-Proof Ceiling, Waterproof Ceiling

Product Description

Revolutionize Your Walls with PVC Cladding offers a game-changing solution for your wall improvement needs. This PVC cladding is engineered to provide outstanding benefits that can transform the look and functionality of your spaces.

The waterproof feature is a key advantage. It ensures that your walls remain protected from water damage, making it suitable for areas like bathrooms, kitchens, and exterior walls that are exposed to the elements. You no longer have to worry about leaks or moisture seeping through and causing issues like mold or rot.

The low maintenance aspect is another remarkable benefit. Unlike traditional wall coverings that require frequent upkeep, PVC cladding is easy to clean and maintain. A simple wipe-down is often enough to keep it looking clean and fresh, saving you time and effort.

For instance, in a busy bathroom, the waterproof PVC cladding can withstand daily showers without any deterioration. And in a commercial setting, the low maintenance property allows for a consistently presentable appearance without the hassle of extensive cleaning routines.

Whether it's for your home or a business space, Revolutionize Your Walls with PVC Cladding Waterproof & Low Maintenance! provides a reliable and hassle-free option to enhance the beauty and durability of your walls.

Features:

Moisture resistance: PVC Wall Panels are designed to resist moisture, making them ideal for use in bathrooms, kitchens, and other areas where moisture is present.

Durability: These panels are highly durable and can withstand wear and tear, making them a great choice for high-traffic areas.

Easy maintenance: PVC Wall Panels are easy to clean and maintain, requiring only a wipe with a damp cloth to keep them looking new.

Versatile design: These panels come in a variety of styles, colours, and textures, allowing you to customise the look of your walls.

Fire resistance: Some PVC Wall Panels are designed to be fire-resistant, providing an added layer of safety in your home or business.

Easy installation: These panels are easy to install, requiring only basic tools and DIY skills.

Technical Parameters:

Name	Value

Applications:

Interior wall cladding: PVC Wall Panels can be used as an alternative to traditional wallpaper or paint for interior wall cladding. They are easy to install and can be customised to fit any interior design style.

Bathrooms and kitchens: These panels are ideal for use in bathrooms and kitchens as they are moisture-resistant and easy to clean.

Basements and garages: PVC Wall Panels can be used in basements and garages to protect walls from moisture and prevent mould growth.

Commercial applications: These panels can be used in commercial applications such as restaurants, hotels, and retail stores to create a durable and attractive interior finish.

Outdoor applications: Some PVC Wall Panels are designed for outdoor use and can be used to clad exterior walls, fences, and sheds.

Industrial applications: These panels can be used in industrial applications such as factories and warehouses to create a durable and easy-to-maintain interior finish.

Customization:

Customize your interior wall decoration with HB-DECOR's Weatherproof PVC Wall Panels! Our WATERPROOF PV WALL PANEL Model Number: WATERPROOF PVC WALL PANEL is made from China and comes with a variety of features, including being waterproof, fireproof, and eco-friendly. This panel measures 2900mmx1000mm and is made from high-quality PVC material, making it perfect for interior wall decoration. Furthermore, these weatherproof and vapor-proof PVC wall panels are eco-friendly and fireproof, making them a great choice for your home or office.
