Product Name: UPVC Soffit Board

Lifespan: 25 Years

Fire Rating: Class 1

Installation Method: Screws

surface treatment: PVDF

Material: Unplasticized Polyvinyl Chloride (UPVC)

Speciality: Unplasticized Polyvinyl Chloride Lining Board, pvc soffit, Unplasticized Polyvinyl Chloride Soffit Board

Technical Parameters:

Property	Specification
Lifespan	25 Years
Surface Treatment	PVDF
Width	300mm
Weather Resistance	Yes
UV Resistance	Yes
Shape	Rectangle
Installation Method	Screws
Colour	White/Wooden
Material	UPVC
Fire Rating	Class 1

Applications:

HB-DECOR PVC SOFFIT is a stylish and durable outdoor lining solution made from Unplasticized Polyvinyl Chloride (UPVC). Made to last, it has UV resistance and a PVDF surface treatment to protect against sun damage and weathering. With a rectangle shape and screws installation method, it is an easy-to-install and reliable option for residential and commercial applications.

PVC SOFFIT is perfect for outdoor soffit applications, providing a maintenance-free and aesthetically pleasing finish. It is the perfect choice for any roof, gable, or building where the appearance is as important as the functionality.

The PVC SOFFIT from HB-DECOR is designed to provide a clean and attractive finish for all types of exterior walls, eaves, and rooflines. It is lightweight, easy to install, and resistant to corrosion, so it is a great choice for any exterior application. It is also available in a variety of colors, so you can create a unique and stylish look for your outdoor space.

For those looking for a reliable and attractive outdoor lining solution, HB-DECOR PVC SOFFIT is the perfect choice. It is a durable and cost-effective solution for any exterior application that requires a stylish and long-lasting finish.

Customization:
