Product Description

Transform Your Walls With Smooth Surface Decorative 3D Wall Panels

Product Description:

Our Interior 3D Wall Panels are made from AAC (Autoclaved Aerated Concrete), and come in a variety of shapes, sizes, colors, and finishes. The panels are fireproof, durable, and easy to install. The 10-year warranty ensures long-term performance and peace of mind. Our 3D Acoustic Wall Panels are perfect for creating a unique, modern look for any interior design project. They are available in square, rectangular, and other 3D shapes with a wide range of finishes, from white, wooden, marble, and more. The panels are 50cmx50cm in size, and can be used both indoors and outdoors. The panels also feature soundproofing and fireproofing properties, making them an ideal choice for any interior design project.
