Applications:

HB-DECOR WATERPROOF PVC WALL PANEL is a great choice for both residential and commercial applications. It is a corrosion-proof, water-resistant, vapor-proof, and durable wall panel with superior insulation properties. It is also easy to install and comes in a standard size of 2900mmx1000mm. It is made of high quality PVC materials and is available in a variety of surface treatments such as printing, hot stamping, and lamination. It is also MSDS, CE, and SGS certified, making it the perfect choice for a safe and secure interior wall decoration.

HB-DECOR WATERPROOF PVC WALL PANEL can be used in many places such as kitchens, bathrooms, living rooms, bedrooms, garages, offices, and much more. It is ideal for use in areas that require an extra layer of protection against water, vapor, and corrosion. It can also be used in areas that are prone to condensation and humidity. In addition, it is also suitable for use in areas that are exposed to extreme weather conditions and temperatures such as those found in basements, attics, and greenhouses.

HB-DECOR WATERPROOF PVC WALL PANEL is also perfect for use in areas that require extra soundproofing, such as recording studios and home theaters. It can also be used to create a beautiful and unique design in any room. With its superior insulation properties, it is also perfect for use in areas that require extra insulation such as attics, basements, and greenhouses.

Whether you are looking for a solution to protect your walls from water, vapor, and corrosion, or simply want to add a unique and stylish touch to any room, the HB-DECOR WATERPROOF PVC WALL PANEL is the perfect choice. With its superior insulation properties, easy installation, and a variety of surface treatments, it is the perfect choice for any interior wall decoration.
