- Place of Origin: CHINA
- Brand Name: HB-DECOR
- Certification: MSDS,ISO,CE
- Model Number: Decorative PVC WALL PANELS
- Minimum Order Quantity: 3000SQM
- Price: USD4-10/M2
- Packaging Details: CARTON
- Delivery Time: 10days after receive deposit
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 40CONTAINERS PER MONTH

Product Specification

- Heat Insulation: High Heat Insulation
- Moisture Resistance: High Moisture Resistance
- Water Proof: Water Resistance
- Installation: Low Maintenance
- Durability: High Durability
- Width: 40cm/60cm/100cm/120cm
- Surface: Printing,hot Stamping,lamination
- Thickness: 8mm/9mm/10mm
- Highlight: **CE Decorative PVC Wall Panels,
Sound Insulation PVC Wall Panels,
40cm PVC Marble Wall Panels**

Product Description

PVC cladding presents an outstanding choice for enhancing and protecting your walls. It offers a unique combination of water resistance and low maintenance, providing numerous benefits for both residential and commercial spaces.

The water resistance feature of PVC cladding is a significant advantage. It effectively shields your walls from moisture, preventing water damage and the growth of mold or mildew. This makes it ideal for areas such as bathrooms, kitchens, and exterior walls that are exposed to the elements. Even in damp or humid conditions, PVC cladding ensures the integrity of your walls.

For example, in a bathroom, PVC cladding can prevent water from seeping into the walls during showers, keeping the underlying structure dry and protected.

The low maintenance aspect of PVC cladding is another key selling point. Unlike many other wall coverings, it doesn't require frequent painting, sealing, or extensive cleaning. A simple wipe-down with a damp cloth is often sufficient to keep it looking clean and fresh. This saves you time and effort, allowing you to enjoy a beautiful and functional wall surface without the hassle of constant upkeep.

Whether it's for a busy office building or a cozy home, PVC cladding's water resistance and low maintenance properties make it a practical and reliable option. It not only adds aesthetic appeal but also offers long-term durability and protection for your walls.

Features:

Product Name: **Decorative PVC Wall Panels / Decorative PVC Wall Facades / Decorative PVC Wall Surfaces**

Fire Resistance: **High Fire Resistance**

Width: **40cm/60cm/100cm/120cm**

Installation: **Easy Installation**

Design: **Various Designs**

Durability: **High Durability**
